

ERIC ANDREAЕ – Director

Eric's (1981) fire for serial formats ignited in his teen years as a member of the weekly TV show "VideoGang" and evolved over the years to a big fire with the TV series "Die Lehrer" (The Teachers).

He loves to develop strong characters, to bring them to life with actors and to confront them with funny and conflict loaded situations. Eric himself regularly takes up this challenge on the improvisation stage as a theatre sports actor.

Eric is a team player who wants to tell good stories, to develop scenarios and stage them.

As a lecturer in the subject of Cast / Audiovisual Media at the ZHdK, he proves that he knows what it is all about.

In his free time he devotes himself mainly to the 3 "D"s: drinking, dancing and dining-fine-food.
